Address : Cilodong, Depok, Jawa Barat
Mobile : +6285778983359
Email : anggraexena@gmail.com

I am a college student in information system major who is currently in the third year and struggles to learn more about information system roles. I am experienced in analyzing information systems for enterprises, and I also developed the website on the three-month internship as a system analyst and full-stack web developer at the same time.
